

Royal Historical Society Annual Bibliography of British and Irish History: Publications of 1989

The Royal Historical Society's Annual Bibliography of British and Irish History provides a comprehensive and authoritative survey of books and articles on historical topics published in a single calendar year. It is divided into sections, covering British and Irish history from Roman Britain to the late twentieth century, and is arranged alphabetically. Founded in 1976, this is the first volume to be published by Oxford University Press and includes a number of new features. Contents are now indexed by author, place, personal name, and subject, and a new section on imperial and colonial history has been added.
