

Charles & Camilla: Portrait of a Love Affair

This is the definitive account of one of the most extraordinary stories of our time. Gyles Brandreth, who spent many hours with Prince Philip in both formal and informal interviews, presents a unique portrait of his son, Charles, Prince of Wales, and of the one non-negotiable love of his life, Camilla Shand, now Duchess of Cornwall. What are Charles and Camilla really like? What is their heritage? What has made them the way they are? This is both a revealing portrait of two unusual individuals and a family saga like no other, told with unrivaled authority, insight, and humor, by a bestselling writer who has met all the key characters in the drama, including Charles, Camilla, and Diana, their children, families, and friends.
