

Feel Me (The Marduk Expanse)

One terrorist blast changed Master Tobias Zimmers entire existence, relegating him to being nothing more than just a Coppies because of the metal replacing his flesh. As the once future Shogun of moon colony Orion 1, he now idles his time away keeping tabs on the Loyalists while his father and brother broker negotiations with the Earth Consortium. A confrontation with his childhood enemy, Dr. Thorsten Nordenfelt, sets into motion events that cannot be undone and puts Tobiass sheltered heart at the center of the colonys attempts to free itself from the repressive Earths rule.
