Lifes Choices is a spin-off from Paul Turk's trilogy known as The Taylor Series. In Lifes Choices, Carlos Delgado, an ex-inmate from a state prison, is charged with a serious crime. If convicted, Delgado faces a lengthy return to the prison environment he detests. While Delgado battles in the courtroom for his freedom, eighteen-year-old Lourdes Castillo faces her own crisis. When Lourdes finds out she is pregnant, she is confronted with a monumental life-and-death decision regarding the unborn child's fate. What People Say Lifes Choices is an easy read and an eye opener to the citizen who has not yet crossed paths with the pro-life movement. I recommend this novel if you are looking for a real life view of choices we face in today's culture. --Mary Rodriguez, R.N., Program Administrator, Birthline/Lifeline Pregnancy Care Centers Delray Beach, Florida

Lifes Choices is a book which is both entertaining and enlightening. Paul Turk provides great insight into often misunderstood pro-life help. He gives detailed descriptions of what goes on at Sidewalk Prayer outside of abortion mills, the purpose of Crisis Pregnancy Centers and how they can help, and the ins and outs of adoption. Mr. Turk uses his fictional novel to promote a culture of Life. I highly recommend this book. Yoli Cory, Hiawassee, Georgia

Paul Turk's latest novel, Lifes Choices, is a gripping, thought-provoking story that you will not want to put down until the conclusion. It is a riveting narrative, with a likeable circle of friends, who exhibit

godly character and a real compassion for others. The book will make you wish you had friends such as these, even though many led criminal lives before having life-changing experiences. It makes you want to live in Paul Turks world, where life is all about how you can help others and bring joy to their lives. Lifes Choices is a book about second chances and are presented from a Christian perspective. His legal knowledge enriches the story, while bringing courtroom scenes to life. Paul Turks fiction inspires, draws you closer to God, makes you feel cleansed inside and fills you with hope. Kathy Johnson, Esq. Attorney and Author of Starlette Universe: Eva from E-ville, Delray Beach, Florida I heartily recommend Lifes Choices for any reader who is looking for a story filled with legal suspense and a pro-faith, pro-life message. Paul Turk manages to weave together a tale of how our life choices can impact our families, our future and even our freedom. With hard-hitting courtroom scenes and a story that is warm, encouraging and true-to-life, he exposes the weighty issues at play, but demonstrates the mercy and grace of God at work. Lifes Choices is a wonderful read for the community of faith, but also for anyone who is confronted with this issue. It will challenge your thinking, but mostly, it demonstrates that there is always hope. A. Wayne Gill, Esq., Attorney, minister and author of The Runner, Lake Worth, Florida
