

## Just Take My Heart

When Natalie Raines, famous Broadway star, is found in her home in Closter, New Jersey, dying from a gunshot wound, her former husband, Gregg Aldrich, whom she was in the process of divorcing, is the chief suspect. What no one knows is that, only days before she was murdered, Natalie accidentally came face to face with the man who killed her former roommate, Jamie Evans. Two years later, career criminal Jimmy Easton, comes forward to claim that Aldrich hired him to kill his wife, but he turned the job down. Based on Easton's testimony, Gregg is charged with the murder of his wife. Handling the case is Emily Wallace, an attractive thirty-two-year-old widowed assistant prosecutor. As Aldrich's trial is making headlines, Emily's boss, Ted Wesley, warns her that this high-profile case will reveal personal matters about her, such as the fact that she had a heart transplant. And, during the trial, Emily experiences sentiments which defy all reason and continue after Gregg Aldrich's fate is decided by the jury. In the meantime, she does not realize that her own life is now at risk.
