

## Miss Marys Book of Dreams

Dreams, books and vintage fashion - the second book in Sophie Nicholls bestselling The Dress trilogy. In historic York, Ella seems to have the perfect life. Her bookshop is thriving, she's married to the man of her dreams and they've started a family of their own. But Ella is struggling. Motherhood isn't quite everything she imagined it to be, and on top of that she has a bad case of writer's block. On the other side of the Atlantic, despite endless blue skies and a stream of eager customers in her vintage dress shop, Ella's mother Fabia finds that life in San Diego is not enough for her. She misses York, and especially Ella and her granddaughter, Grace. And at night, both Ella and Fabia are experiencing vivid dreams. Dreams that they don't yet fully understand. Will Ella and Fabia work out what the dreams mean, and will they both find their Happily Ever After?
