

## Sounds Like Teen Spirit: Stolen Melodies, Ripped-off Riffs, and the Secret History of Rock and Roll

This 2016 edition of Sounds Like Teen Spirit provides hundreds of pairings of songs that appear to have borrowed their melodies from earlier songs. Readers will discover the music that influenced the songs of the Beatles, Led Zeppelin, Bob Dylan, the Rolling Stones, Bruce Springsteen and many more. Sounds Like Teen Spirit covers recent plagiarism cases involving Robin Thicke, Sam Smith and Coldplay as well as famous cases such as when George Harrison was sued over his song My Sweet Lord by the publishers of the Chiffons Hes So Fine. Readers will never hear the familiar songs in quite the same way after reading Sounds Like Teen Spirit. For example, the Doors Hello I Love You has the same melody and the Kinks All Day and All Night, and the riff that powered Nirvanas Smells Like Teen Spirit is a variation on the guitar riff from Boston's More than a Feeling. Sounds Like Teen Spirit explains that creative artists are influenced by a wide and often surprising range of sources. For instance, John Lennon's song Imagine may have been influenced by a novelty song that his father recorded to cash in on his son's fame, and Bob Marley's Buffalo Soldier contains the melody from The Banana Splits Theme!
