

The Beagle: An Owners Survival Guide (Benchmark Series Book)

It took the great cartoonist Charles M Schulz and his immortal Snoopy to show the world what Beaglers knew all along -- that here is no ordinary dog. In selecting a beagle for a hero, Schulz chose wisely. Some breeds may be bigger, or more elegant. Some might be easier to train, or more dependable off lead. Others may have breathtaking beauty. Still, no other dog presents that unique combination of charm, agility, and sweetness -- along with a handsome profile and cheerful disposition. This book tells you all you ever needed to know about this stunning breed.
