Created by the founding executive director of the International Spy Museum, who is also a former operative in the CIA's Clandestine Service, this is the official handbook for kids who dream of one day becoming a spy or working in the intelligence field. Have you ever wondered what spies really do. What kind of training is involved? Do you have to go to a special school or take a polygraph test? How do you live your cover? How does your work life affect your relationships with your friends and family? Is there danger involved? This fascinating, fact-filled book answers these questions and more while providing a historical timeline, definitions of key terms, suggestions for further reading, an index, quizzes, and exercises to see if you have the right spy stuff.
